At this moment we cannot tell if this issue plays but assuming it does this is a large expense.. Here is the issue: We can print to the B&W print (using the drivers for B&W copier) in any MS program, from the net etc.. We have to be able to send print jobs without specifying that it is supposed to be a B&W print (non-staff public users) by selecting a printer labeled B&W.. – Bagi setiap teknisi dan monitor crt mungkin sering mengalami kesulitan dalam mencari sparepart transistor horizontal pengganti jika transistor aslinya mengalami kerusakan dan sulit di dapat atau sudah tidak keluar di pasaran maupun service center. It needs to work as only B&W printing 2) The company is charged more for the total colour printing than for the B&W printing.. Does anyone (including Toshiba) have a way to do this? I am not sure about the Toshiba, but most high-end units like this come with the ability to lock out color copies through the implementation of an access code.. Mac OSX 10 6 and later 7 54 Toshiba Print Driver; Mac OSX 10 6 and later 7 54 Toshiba Print Driver.. On the BW setup, do not input the code Now if they try and print color to the BW printer, the job will just fail.. We cannot print a B&W PDF document to the same printer; it does print but in full colour.. Hi Big-E, Unfortunately I have tried that and the settings apply to the individual documents..
